Dear Dr. Donow, Dr. Greenfieldt and Staff,

As Christopher graduates from your school, I want to let each and every one of you at the Karafin School, know what a wonderful job your school has done.

When Christopher first came to Karafin he was lost, depressed and had no self-esteem. After his first year at Karafin, Christopher started to blossom. Your school has not only helped him academically, but has also been very therapeutic. All of the caring and nurturing he received at Karafin has helped Christopher realize that he can do whatever he puts his mind to. As Christopher embarks on his new life in college, I know that he will apply all of these coping skills.

I would like to take this moment to thank all of you at Karafin for taking my son into your school and giving him the chance he deserved. The public school system that he was in was a total disaster, and left in that environment he would not have survived. I would recommend your school without hesitation to any parent who seeks a special needs school for their child.

Very Truly Yours,

Madeline Bruno
