

June, 2009

To The Karafin School,

Our son, Sinclair has grown both academically and as an individual in the six years he's been at the school. He entered as a young boy and he is now almost an adult set to attend Adelphi University this fall. Sinclair was comfortable and able to confide with all the wonderful staff at Karafin. I'm sure in September he'll miss taking the 6:30am bus to Karafin every morning. We are grateful Dr. Donow saw some special qualities in our son and accepted him into Karafin.

The graduation celebration was a special moment for us and we are thankful to have shared this special moment with the 2009 Karafin graduation class.

Many Thanks,

Sinclair Chu & family
